"What Lovely Walls!"
"Yes, We Used the Best Wall Board We Could Get"

Fiberlic

Youn home, summer cottage, bungalow, or apartment can be made just as attractive—with little cost (much less than lath and plaster) by using Fiberlic wall board.

You'll be interested in a few "reasons why." Here they are:

Fiberlic is not made from the ordinary cheap wood pulp or paper pulp stock, but from a pulp composed entirely of wonderfully strong and tough root fibre. It is the tough, fibrous quality of a wall board that insures its lasting qualities and worth.

Fiberlic is the only wall board made from material of this kind.

Fiberlic has greater tensile strength, and is more rigid by actual test, than any of the so-called pure wood-pulp boards.

Compare Fiberlic with other boards, bend it, burn it, test it in any way you please and you will note its complete superiority.

Fiberlic is made absolutely clean and antiseptic during the manufacturing process—thinking people will demand it.

It will not warp, sag, or bulge. It lends itself readily to the most expensive or the most inexpensive forms of decoration and the results are more than satisfying and artistic when Fiberlic is used.

Fiberlic is no more expensive than other wall boards and is fully guaranteed. Which will you choose for your home?

The manufacturers of Fiberlic maintain an extensive design and service department for our customers. No matter what you may have in mind for Fiberlic, we give you the estimate of the amount required and a complete panel design or suggestion for an artistic and pleasing job. Remember, Fiberlic is a quality product built for exceptional service.

Take a 40c Tin Humidor of Tuxedo along

In comes Summer—vacation time—and that old lazy, yawny feeling. Makes a man get out his pipe, puff away and start dreaming of good times to come. Air's mighty sweet in his nostrils—and so is Tuxedo, too. A grand old tobacco to dream over on days of rest and recreation.

The Perfect Tobacco for Pipe and Cigarette

The new Tuxedo 40c Tin Humidor is a vacation necessity. At the beach, in the mountains, on the farm—wherever you go, this handsome, convenient, air-tight humidor will keep a handy supply of Tuxedo for you, in fresh, delicious condition.

Tuxedo is made from the choicest selected crops of old Kentucky Burley—the cream leaves of each golden season—ripe, mellow, fragrant and—above all—mild.

Treated by the original Tuxedo process so that it can't bite. We've had imitators galore, but the original Tuxedo process is still the best, as it was the first, in the field.
